APPEAL TO DEMOCRATS.

To the Editor of the Eagle:
There are no secrets in this campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying election expenses. Not a dollar is to be accepted which requires any promises, either express or implied, other than for Honest, Impartial Government.

Mr. Bryan will enter the White House absolutely free from entangling alliances, free to serve all classes of honest citizens alike, or he will not enter it at all.

Hence the course is plain. The campaign of Bryan and Kern must be conducted by the people.

The people must pay the necessary campaign expenses if they want public servants who will serve their interests.

Special interests and favored classes, having secured "Swollen Fortunes" by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th, 1908, "Let the People Rule."

This can come only if the people pay their own bills, and control their own elections.

"Beware of the Trusts Bearing Gifts."

That policy of the avowed few buying a mortgage on the Government meant that the candidate for President knew a few people only in an entire State.

Bryan says, "We will take the cause of People's Rule home to the people and will know people in every country."

You can serve the grand cause of popular government.

Your paper reaches the fireside of the patriot who loves his country for his country's Good; as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's Goods.

Please carry this letter in bold type at the mast head of your paper.

Asking every one who favors Government by the people to pay you, at once, as many dollars as he can spare to aid the campaign for Bryan, Kern and People's Rule. You forward these gifts of honest hearts and homes every two weeks to the Treasurer of the Democratic National Committee, with the name of each contributor and amount given. The Treasurer will forward you a certificate like the copy enclosed for each one, asking you to deliver these certificates.

Once more, you should be a part of the Great Organization bearing the Lamp of Light to every nook and corner of Free America.

Our country is for the People; its Government must be by the People.

Sincerely,
NORMAN E. MACK
Chm. Dem. Nat'l. Com.

AT VILLA MARIA.

The Ursuline community of Villa Maria cordially invite their friends and patrons of Bryan to meet their recently appointed Mother Priress Tuesday afternoon, August 25th, from 5:30 to 7:30 o'clock.

Johnson Accepts.

St. Paul, Minn., Aug. 20.—Governor Johnson called the newspaper men together and announced he would accept the nomination tendered him by the state Democratic convention.

ENTERS ROOMS OF GIRLS

Great Excitement Prevails In a Florida Town.

ROBBERY NOT HIS MOTIVE

Three Residences Invaded During the Course of One Night by a Negro. He Shot at, but Not Hit, and Finally Eludes Pursuers.

Pensacola, Fla., Aug. 20.—Milton, twenty miles east, is excited.

A negro entered three residences. In each instance he was discovered in the room of a girl, indicating his motive was something more than robbery. At one place the scoundrel was fired at several times, but evidently not wounded, for within half an hour he effected entrance into another house.

As soon as the story became known business practically ceased in the town and all joined in the hunt. A pack of bloodhounds went from Pensacola, but so many had crossed the trail of the man that the hounds could not follow it.

CLERGYMAN SUICIDES.

Leaves Note Saying He No Longer Desires to Live.

Utica, N. Y., Aug. 20.—Rev. James Duane Phelps, treasurer of Syracuse university, shot and killed himself. He left a note saying he did not wish to live any longer. It is understood that he had been ill.

The note written by Mr. Phelps was written in a firm hand, and was as follows: "My name is J. D. Phelps of Syracuse. I have done this because I do not care to live. Still, I believe Christ died for the uttermost man."

James Duane Phelps was born in Louis county sixty years ago, and was graduated from Syracuse university in 1876. He was ordained to the ministry of the Methodist Episcopal church in 1879. For several years he was principal of Cazenovia seminary and Genesee Wesleyan seminary at Lima. He became subject to fits of despondency as a result of overwork, and was at Middletown State hospital for six years, being discharged as cured. He was elected treasurer of Syracuse university in 1899.

South Sea Cruise.

San Francisco, Aug. 20.—Bound for a two months' cruise in the South seas the seven cruisers of the Pacific fleet will pass out through the Golden Gate Monday, six of the big vessels towing a torpedo boat or destroyer each. Naval officials are deeply interested in this attempt to give the mosquito craft a vastly wider range of action than has heretofore been possible and will await reports on the result of towing the little sea fighters eagerly.

The seven cruisers—West Virginia, Pennsylvania, Washington, California, Tennessee, South Dakota and the Maryland—gathered in the bay here clearing ship for coaling in preparation for the long trip. The fleet goes direct to Honolulu, where it will remain a week, then clear for Samoa to spend another week in that harbor. Returning, another week will be spent at Honolulu and the voyage back to this coast resumed.

Fined Ten Dollars For Cruelty.

New York, Aug. 20.—Following took place in court of general sessions:

Mrs. Fannie Maher, a small woman, appeared and charged her husband, James, a giant longshoreman, with cruelty to a kitten in their home. According to Mrs. Maher her husband was lying on a lounge when the kitten stole up and purred against his arm, which was hanging down toward the floor. The man took of his heavy brogans and with one blow paralyzed the kitten. Mrs. Maher called a policeman who shot the animal to put it out of its misery, and then on wife's complaint arrested Maher.

Justice Wyatt fined Maher \$10, which he paid. His wife refused to speak to him in the court room.

NO FAITH IN POLICE.

In Consequence, Man Did Not Serve on Jury.

New York, Aug. 20.—An unusual incident occurred in a local court.

James Hamilton, an insurance man, was dismissed from further jury service by Judge Malone in general sessions, "without the thanks of the court," because he puts no faith in the word of a policeman.

Mr. Hamilton had declared in the jury room recently that he would never convict any one on the word of a policeman and largely on that account the jury had failed to agree in the case of a man who has been up for trial before every judge in general sessions. Assistant district attorney McGuire had heard of this. When Mr. Hamilton was called in a case of robbery where a policeman was an important witness he asked him if he would accept the man's evidence as he would the evidence of a civilian. "I don't want to serve and don't think I ought to," said Mr. Hamilton. "I have a very strong prejudice against the police."

"If you have this strong prejudice against any class of persons," said the judge, "you are not fit to serve. You are discharged from further service and without the thanks of the court."

RECEIVER ASKED.

Ottawa, O., Parties Make This Application at Muskogee.

Muskogee, Okla., Aug. 20.—Application for the appointment of a receiver for the Indianola Contracting company, of which Governor Haskell is president, and owner of 60 per cent of the stock, was made in the Federal court here by John P. Bailey, D. M. Bailey and Frank G. Kahle of Ottawa, O. This is the result of a suit filed a few days ago at Guthrie in which the same plaintiffs ask for a judgment against Haskell for \$9,000 for attorney's fees for service alleged rendered several years ago.

The Indianola company is the principal business corporation through which Governor Haskell has operated in Oklahoma. It is capitalized at \$160,000. Mrs. Haskell is one of the principal stockholders. The plaintiffs asking for the receiver own \$5,300 worth of the stock. This company has built railroads, hotels, promoted townsites, owns newspapers and office buildings and has transacted an enormous business. W. R. Eaton is the secretary and local manager. Governor Haskell is at Chicago.

Mr. Eaton states that the application for a receiver is attempted blackmail; that the applicants, finding the president in an official position, attempted to collect an unjust fee, and brought the suit for a receiver to back up their claim. He also says the courts should refuse to appoint a receiver, as the company is in good condition, has valuable property and is able to not only pay all its debts, but show a profit besides.

The plaintiffs claim that Governor Haskell has drawn \$15,000 salary in the past three years and that his actual services were not worth \$1,500; that the company has speculated in investments wholly outside of its charter, incurring heavy losses, and that the plaintiffs have not been able to get an accounting. They want a receiver to settle the affairs of the company and dissolve it.

Four Bound Over.

Knoxville, Tenn., Aug. 20.—Four of the five men arrested by Sheriff Hughes of Campbell county, Tennessee, for inciting the race war in the Jellico mining district, when arraigned at Tazewell for their preliminary trial, were bound over to the court and also bound to keep the peace. The mountain band appears to have dispersed on the arrest of the alleged leaders.

DOUBLE HOODOO.

Train No. 13 Goes Into Ditch and Thirteen Persons Injured.

Fort Smith, Ark., Aug. 20.—Passenger train No. 13 on the St. Louis, Iron Mountain and Southern railway, running between Little Rock and Kansas City, went into a ditch near Illinois, just across the Oklahoma line. Thirteen persons were injured. The train consisted of two sleepers, a common coach, a smoker and baggage car. Only the locomotive and tender remained on the track.

Sydney's Welcome.

Sydney, Aug. 20.—American battleship fleet, officers and crews are receiving a wholesome welcome. Numberless harbor craft have circled around the white battleships anchored in the bay, and the shores and headlands crowded until thousands of interested spectators. The admirals of the fleet and captains of the various battleships came ashore and called officially upon Lord Northcott, governor general of Australia, who greeted them most heartily.

Seven Caught Gambling.

Houston, Aug. 20.—Seven gamblers, five of them well known business men of Houston were captured in a raid by the police in a poker den on Congress avenue. A completely equipped gambling outfit was discovered by the officers.

Shipped From Houston.

Houston, Aug. 20.—The car of beer seized and confiscated by the state authorities at Guthrie, Okla., was shipped from a brewery at Houston.

BY CARNES & WALLACE

BRYAN, TEXAS, AUGUST 21, 1908.

Whatever may be the merits of the case, there is no doubt that the negroes of Springfield have had the scare of their lives.

Whatever else may be said of Castro, he certainly does the largest business on the smallest capital of any man on earth.

Candidate Bryan has received the trick mule presented to him as a mascot by the Minnesota State Agricultural Society. Texas overlooked a bet in not sending him a burro first.

That was a nice little race disturbance up in Anderson county, but it was pulled off at the wrong time, the affair at Springfield being so much superior as an attraction.

If it took 4500 soldiers to hold the lid down on that anti-negro mob at Springfield, how many would it take if the spirit of the Springfield field mob became general?

Maybe the politicians will learn after awhile that when You Yonson says he won't run he just won't. It would save trouble if they would take him at his word.

According to the Mail, Merkel is rejoicing in a general revival of business in all lines and religion of all denominations. That's a mighty good combination.

The national campaign is under full headway, yet the stock market continues steady. This means that the country is safe, at least for awhile, no matter whether Bryan or Taft is elected.

Homer celebrated in immortal verse the battle between the cranes and the frogs. Where is the bard who will sing in worthy numbers the impending conflict between Castro and the Dutch?

Since the Spanish war the expenditures of the war department, not in cluding river and harbor improvements, have averaged about \$100,000,000 a year. That is quite a lot of money to pay for brass bands, brass buttons and dress parades. But Mr. Taft wants to make it bigger yet.

Dr. Brumby is now carrying on an energetic campaign against typhoid fever, which is prevailing to an alarming extent in some of the western counties and of which there are at present over a hundred cases in Fort Worth. Contaminated water and un-screened fruits and candies are believed to be the chief causes of the disease.

It is said that Mr. Bryan is puzzled to know what to do with the great assortment of curious things that are sent to him as presents by people of various nations, in anticipation of his election to the presidency. If he would start a wild west show Booger Red could ride the trick mule.

The general convention of Texas Baptists will meet in Fort Worth, November 12th, and continue four days. It is expected that it will bring to that city at least 5000 delegates, missionaries, preachers from other States and visitors, which will tax its hospitality to the utmost.

The reputation of Bryan as a cotton market and distributing point was not made in a single season, but is a growth of years and is therefore solid and substantial. The farmers all around for 100 miles know it is the best place to sell their crops and buy their supplies.

The Clafins, who have stores in many of the northern and eastern cities, and are supposed to be seeking to monopolize the mercantile business of the country, have mentioned Texas among other States where they intend to purchase a controlling interest in some of the largest stores in the most important cities.

Three of the four second-class American cities named Springfield have had race riots. In the Ohio town one negro was lynched in 1904 and two in 1906, there being great excitement in both cases. In the latter year three negroes were lynched at one time and their bodies burned in Springfield, Mo. Springfield, Mass., is the only notable town of the name that has not had a race riot.

That the Springfield riots will have an important influence on the election in several doubtful States is to be expected. It is not improbable that the negroes as a race will take the advice of Bishop Walters of the A. M. E. church, and other negro bishops and preachers, to place themselves under the protection of the Southern whites as the surest means of securing safety.

TEXAS COMMERCIAL SECRETARIES.

Ft. Worth, Texas, Aug. 19.—The program for the convention of Texas Commercial Secretaries, which will be held in this city on September 9, 10 and 11, was placed in the hands of the printer today, and will be ready for mailing out the last of this week. The program will be issued in attractive pamphlet form, containing 32 pages, run in two colors.

The subjects seek to bring out discussions of an educational character to secretaries, and deal in detail with the science of city building.

A roster of commercial clubs is run on alternate pages with that of the program.

Fresh bread, cakes, etc., at the Texas Bakery, Mrs. Otto Boehme, Proprietor.

FRONTIER DAY CELEBRATION.

Cheyenne, Wyo., Aug. 20.—Special trains from Denver and many other points brought large crowds of visitors to Cheyenne today for the opening of the annual Frontier Day celebration. The celebration, which was inaugurated some years ago as a purely local festivity, has grown in popularity and magnitude until it has become one of the foremost yearly carnivals to be given west of the Mississippi.

The affair this year will run three days and judging from the number of visitors already on hand and the elaborate program of entertainment prepared it will be a most notable celebration. Fully 5000 people are guests of the city already and every arriving train is crowded to its utmost capacity. The streets are lined with booths, and street fakirs and peddlers are crying their wares from every corner.

Foremost on the carnival program are the world's championship riding and roping contests. These contests originally were participated in only by cowboys from various parts of Wyoming, but this year the entrants include expert lariat throwers from Colorado, Oklahoma, Texas and other States and even far-off Hawaii has sent two contestants to the tournament. The cowboys in their picturesque garb and the Indians in their red and yellow blankets are attracting much attention from the visitors.

The races this year are to be run for the first time over the magnificent new track at Frontier park. The park has been greatly improved since last year by the construction of a new track, a steel and concrete grandstand with a seating capacity of 4500, and the enlargement of the stabling accommodations. Many fast horses have been secured for the meeting and it is expected that some record time will be made. The prizes offered this year exceed \$10,000.

ALL READY FOR BAR MEETING.

Seattle, Wash., Aug. 20.—Everything is in readiness for the reception of the members of the American Bar Association, who are to hold their annual meeting next week in this city. Many of the members already have arrived in the city to attend the preliminary conferences. The first of these is scheduled for tomorrow, being a conference of the commissioners on uniform State laws.

The meeting of the bar association proper promises to be one of the most notable in the history of the association. Seldom before have so many speakers of prominence appeared on the program. The list includes Judge Alton A. Parker of New York, Karl von Lewinski, one of the foremost lawyers of Berlin; Dr. David Starr Jordan, president of Leland Stanford University; Andrew A. Bruce, dean of the law school of the University of North Dakota; Simeon E. Baldwin, judge of the supreme court of errors of Connecticut; former United States Senator George Turner, and Judge C. H. Hanford of the United States district court for the western district of Washington.

The subjects seek to bring out discussions of an educational character to secretaries, and deal in detail with the science of city building.

PASSING OF THE CAMPAIGN BUTTON.

New York, Aug. 20.—Manufacturers of the familiar little campaign buttons, of which the great bulk of the world's supply are turned out in factories in New York and New Jersey, are not overjoyed by the outlook for their business this year. The vogue for the little celluloid lapel adornments bearing likenesses of the presidential candidates appears to have had its day. Manufacturers who have stocked up with millions of the buttons are likely to have a large part of the goods left on their hands. The slump in the demand appears to apply equally to both of the two great parties. The only reasonable explanation appears to be that the public has grown tired of the button and has taken up the campaign watch-fob, the scarf-pin, and other emblems that are more novel and attractive than the button.

AT THE GRAND.

As its opening attraction of the season the Grand opera house last night presented Professor Stewart and his Hypnotic comedy company to a well filled house. The exhibition was a practical and meritorious demonstration of the power of hypnotism, and the seriousness naturally surrounding a display of the subtle and mysterious influence of one mind over another was relieved by numerous humorous and equally entertaining features, which rightfully give the attraction the reputation of a fun producer. As a whole the entertainment came fully up to all expectations, as signified by the hearty applause given at frequent intervals.

In the afternoon as a free exhibition Mr. Stewart presented, in lieu of the blind-fold drive announced, an instance of his power equally as mystifying. A knife hidden by a committee starting from the Exchange hotel, following a circuitous route over town and secreting the small article in an obscure place, being promptly found through the medium of mind communication.

The company holds the board both this and tomorrow evening, and tonight Dr. Stewart will have local talent, represented by some of the best known young men of the city, on the stage.

FISH'S FIN PROVING SERIOUS.

A slight cut on the hand of Mr. Jim Bennett, inflicted by the fin of a fish several days ago, is proving quite serious, and yesterday it was found necessary to open the wound in order to relieve its almost dangerous condition. Directly after the apparently insignificant hurt was sustained, a small particle of the fin was discovered to be imbedded in the flesh. This was removed by a physician and precautionary means to prevent serious developments were taken. Yesterday, however, the member was swollen out of all proportions, and the lance was again used.

READY TO RECEIVE ROCK.

All the loose soil and debris had been removed from Main street last evening and the avenue is now in shape to receive the crushed rock with which it will be covered. For some reason the first shipment of ballast from the Millican quarry did not reach here yesterday as expected, and the work was hindered to a slight extent. However, it is not believed that the delay will extend over a day or so, and upon receipt of the material reinforcing will be pushed rapidly. It is estimated that placing and leveling the rock will consume about a week, and that the cost of the improvement

POLITICS AND POLITICIANS.

Judge John I. Worthington, Republican candidate for governor of Arkansas, is stumping the State in a vigorous fashion.

Republicans of New Hampshire will meet in convention in Concord on September 17 to name candidate for the State offices to be filled at the November election.

Charles H. Keating of Mansfield, Ohio, has been appointed assistant director of the Republican speakers' bureau, and has been placed in charge of the work at the Chicago headquarters.

Secretary Wilson of the Department of Agriculture and Secretary Strauss of the Department of Commerce and Labor will speak in Vermont next week in the interest of the Republican ticket in that State.

The Independence party has placed a State ticket in the field in Texas. The candidate for governor is E. W. Kirkpatrick, who is well known as the president of the Texas Farmers' Congress.

The boom of John B. Stanchfield for the Democratic nomination for governor of New York has been revived. It is said that the choice of Mr. Stanchfield would be satisfactory alike to Mr. Bryan, to Chairman Mack and to Leader Murphy of Tammany Hall.

Eight American born Chinese citizens of Los Angeles have formed a "Bryan and Kern" club. The club, it is said, will work to have the Chinese voters throughout California support the national Democratic ticket at the November election.

Martin W. Littleton, former borough president of Brooklyn, and who was the leading counsel for Harry K. Thaw in his second trial, is being discussed as a possible candidate for the Democratic nomination for governor of New York.

An enthusiastic woman suffrage campaign has been inaugurated in Oklahoma, and it will be actively maintained until the election in November. The prime director of the movement is Mrs. Katherine Biggers of Chickasha, president of the Oklahoma Suffragette Association.

George W. Cromer, former congressman from the Eighth Indiana district, has been appointed at the head of a labor bureau established by the Republican State central committee of Indiana. It is said that a fund of \$25,000 has been set aside to carry on the work of this bureau.

The official notification of the candidates on the Independence party ticket is planned to be held within the next week or ten days. The notification of Thomas L. Hisgen, candidate for president, will take place at his home in West Springfield, Mass., and that of John Temple Graves, candidate for vice president, will take place, it is said, in Georgia.

Adlai E. Stevenson, former vice president of the United States and candidate on the Democratic ticket for governor of Illinois, is 73 years old. Despite his years he is still vigorous and active and his friends expect him to make a winning race against Governor Deneen. Mr. Stevenson declares that whether elected or not it will be the last time he will be a candidate for public office.

The Ninth Virginia district has long been a thorn in the side of the Old Dominion Democracy, for the reason that it is the only district to be represented in congress by a Republican. The Democrats now believe they have found the man to remove the thorn, in the person of J. Cloyd Byars, a hustling young attorney of Bristol, who has been named to make the race against C. B. Slemp, the Republican incumbent.

TOBACCO GROWERS ORGANIZE.

Bowling Green, Ky., Aug. 20.—Leading tobacco growers to a total of several score met in conference here today to complete the organization of an interstate association for the purpose of advancing their mutual interests and affording protection to the industry. The proposed organization is to embrace the associations already existing in Indiana, Kentucky and Tennessee.

VETERANS ARE SOON TO MEET.

Toledo, O., Aug. 20.—One week hence the veterans of the Grand Army of the Republic will be trooping into Toledo for their annual national encampment. The opinion is expressed that the encampment this year will be the most significant, the most interesting and one of the best attended reunions ever held by the veterans of the Civil War. And so indeed it will be if present plans, now nearing completion, are carried out in detail.

The whole city will be handsomely dressed for the occasion. Flags and bunting will cover the buildings fronts along Summit, Huron, Erie and other leading streets. The many handsome public buildings for which Toledo is noted will be artistically decorated and at night they will be ablaze with hundreds of electric lights. At prominent street intersections several hand

some arches are being erected.
